## WHAT'S ON:

Friday 12th February  
School breaks up for  
Half Term

Monday 22nd February  
School re-starts

## INFORMATION:

*Happy New Year to everyone!*

Hopefully, after a week of snags and glitches we are all getting to grips with the home school online learning alongside teaching in class. However, if there are any issues regarding the online learning, please contact the main office and we will do our very best to help you out.

### HOME SCHOOLING PACKS

We still have a few packs left from this week if anyone requires work. All home schooling packs for week commencing Monday 11th January will be available to collect from the After School Club entrance (next to the main entrance) at 9.00am on Monday morning.

## LAPTOPS

The school is currently awaiting a small allocation of laptops from the Department of Education. If you are requiring a laptop for your child to access our online learning, please contact the main office. As we are carrying out a lot on on-line teaching and communication via computers, it is vitally important that the school is informed of any changes to email addresses and mobile phone numbers.

## EXTRA DATA

Vodafone want to do their part to help everyone connected during this difficult time and are giving away free data SIMS with 30GB to use for 90 days. This will help children to continue learning from home, despite any COVID-19 restrictions. If you want a free Data SIM, please call into the school office and collect.

## EARLY YEARS PROVISION

Our Early Years provision will remain open to ALL CHILDREN, not just vulnerable children or children of key workers. These children are able to attend their usual timetable hours during the national lockdown restrictions.

If your child normally attends Dawn-till-Dusk 2 year old sessions or the school nursery and wish them to attend their usual timetable during the national lockdown, please urgently contact the school office.

## Snowman building this week
